Phylogenetic variations in a novel family of hyperstable apple snail egg proteins: insights into structural stability and functional trends

MY Pasquevich, MS Dreon… - Journal of …, 2024 - journals.biologists.com

The relationship between protein stability and functional evolution is little explored in proteins purified from natural sources. Here, we investigated a novel family of egg proteins …

An automated approach to assess relative galectin-glycan affinity following glycan microarray analysis

AD Ho, SC Wu, NA Kamili, AV Blenda… - Frontiers in Molecular …, 2022 - frontiersin.org

Numerous studies have highlighted the utility of glycan microarray analysis for the elucidation of protein-glycan interactions. However, most current glycan microarray studies …

Decoding glycans: deciphering the sugary secrets to be coherent on the implication

S Sharma, S Shekhar, B Sharma, P Jain - RSC advances, 2020 - pubs.rsc.org

Neoteric techniques, skills, and methodological advances in glycobiology and glycochemistry have been instrumental in pertinent discoveries to pave way for a new era in …

CBMcarb-DB: interface of the three-dimensional landscape of carbohydrate-binding modules

DO Ribeiro, F Bonnardel, AS Palma, ALM Carvalho… - 2024 - books.rsc.org

Carbohydrate-binding-modules (CBMs) are discrete auxiliary protein modules with a non-catalytic carbohydrate-binding function and that exhibit a great diversity of binding …

CHARACTERIZATION OF IN VITRO FITNESS AND ANTIGENIC DRIFT DIFFERENCES BETWEEN CIRCULATING H1N1 INFLUENZA CLADES

N Swanson - 2024 - jscholarship.library.jhu.edu

Influenza viruses are a significant contributor to morbidity and mortality, with multiple subtypes circulating seasonally and causing annual epidemics. New viral clades emerge …

A bioinformatics view of glycan–virus interactions

P Le Mercier, J Mariethoz, J Lascano-Maillard… - Viruses, 2019 - mdpi.com

Evidence of the mediation of glycan molecules in the interaction between viruses and their hosts is accumulating and is now partially reflected in several online databases …
