Structural database for lectins and the UniLectin web platform

F Bonnardel, S Perez, F Lisacek, A Imberty - Lectin Purification and …, 2020 - Springer

The search for new biomolecules requires a clear understanding of biosynthesis and degradation pathways. This view applies to most metabolites as well as other molecule …

Combined analysis of multiple glycan-array datasets: new explorations of protein-glycan interactions

Z Klamer, B Haab - Analytical chemistry, 2021 - pmc.ncbi.nlm.nih.gov

Glycan arrays are indispensable for learning about the specificities of glycan-binding proteins. Despite the abundance of available data, the current analysis methods do not have …

Rise of systems glycobiology and personalized glycomedicine: why and how to integrate glycomics with multiomics science?

T Kunej - OMICS: A Journal of Integrative Biology, 2019 - journals.sagepub.com

Glycomics is a rapidly emerging subspecialty of system sciences that evaluates the structures and functions of glycans in biological systems. Moreover, glycomics informs allied …

Point-of-care GlycoStrips detect serum and salivary antibodies to blood group antigens and pathogens

T Jia, AY Mehta, KM Charon, M Noel, P Singh… - Trends in …, 2026 - cell.com

Antibodies to carbohydrate antigens present in blood group substances and pathogens are important to human health, transplantation, and transfusion medicine. Identifying such …

Dynamics of Anti-ABO (H) Antibody Expression in SARS-CoV-2-Infected Patients

T Jia, AY Mehta, KR Patel, KM Charon… - ACS Chemical …, 2026 - ACS Publications

The association between ABO (H) blood groups and COVID-19 susceptibility and severity has been studied throughout the pandemic. However, the comprehensively tracked dynamic …

Reusable glycan microarrays using a microwave assisted wet-erase (MAWE) process

AY Mehta, CA Tilton, L Muerner, S von Gunten… - …, 2024 - academic.oup.com

Modern studies on binding of proteins to glycans commonly involve the use of synthetic glycans and their derivatives in which a small amount of the material is covalently printed …

Natural and synthetic sialylated glycan microarrays and their applications

AM McQuillan, L Byrd-Leotis… - Frontiers in Molecular …, 2019 - frontiersin.org

This focused chapter serves as a short survey of glycan microarrays that are available with sialylated glycans, including both defined and shotgun arrays, their generation, and their …

Clade-defining mutations in human H1N1 hemagglutinin protein from 2021-2023 have opposing effects on *in vitro* fitness and antigenic drift

NJ Swanson, J Girish, M Yunker, H Liu, J Norton… - bioRxiv, 2024 - biorxiv.org

Seasonal influenza viruses frequently acquire mutations that have the potential to alter both virus replication and antigenic profile. Recent seasonal H1N1 viruses have acquired …

Unraveling cross-reactivity of anti-glycan IgG responses in filarial nematode infections

LMC Petralia, A van Diepen, DL Nguyen… - Frontiers in …, 2023 - frontiersin.org

Parasitic nematodes responsible for filarial diseases cause chronic disablement in humans worldwide. Elimination programs have substantially reduced the rate of infection in certain …

Unique glycans in synaptic glycoproteins in mouse brain

M Noel, S Suttapitugsakul, M Wei… - ACS Chemical …, 2024 - pmc.ncbi.nlm.nih.gov

The synapse is an essential connection between neuronal cells in which the membrane and secreted glycoproteins regulate neurotransmission. The post-translational modifications of …
