New Non-Saccharide Heparin Mimetics as Inhibitors of Cathepsin G

DK Afosah, M Mottamal, S Kar… - Chemical biology & …, 2026 - Wiley Online Library

Cathepsin G (CatG), a neutrophil serine protease, plays several roles in host defense, inflammation, and vascular pathology. Selective inhibition of CatG is therefore a compelling …

Plasmin regulation through allosteric, sulfated, small molecules

RA Al-Horani, R Karuturi, DT White, UR Desai - Molecules, 2015 - mdpi.com

Plasmin, a key serine protease, plays a major role in clot lysis and extracellular matrix remodeling. Heparin, a natural polydisperse sulfated glycosaminoglycan, is known to …

Novel anthranilamide-based FXa inhibitors: Drug design, synthesis and biological evaluation

W Wang, J Yuan, X Fu, F Meng, S Zhang, W Xu, Y Xu… - Molecules, 2016 - mdpi.com

Factor Xa (FXa) plays a significant role in the blood coagulation cascade and it has become a promising target for anticoagulation drugs. Three oral direct FXa inhibitors have been …

Facile Preparation of 4-(4-Nitrophenyl) morpholin-3-one via the Acid-Catalyzed Selective Oxidation of 4-(4-Nitrophenyl) morpholine by Sodium Chlorite as the Sole …

C Liu, T Yu, T Yang, H Sun, C Qin, Q Jia… - … Process Research & …, 2020 - ACS Publications

4-(4-Nitrophenyl) morpholin-3-one and 4-(4-aminophenyl) morpholin-3-one are the key intermediates for rivaroxaban synthesis. A facile and economically efficient process has …

Biochemical Investigation of the Anticoagulant Activity of Sulfonated Polymers

RA Al-Horani, KF Aliter… - Journal of undergraduate …, 2025 - pmc.ncbi.nlm.nih.gov

Venous thrombotic disorders are a leading cause of mortality in the US. While anticoagulants are the primary treatment, their use is limited by bleeding risks. This …

(1R, 3S)-THCCA-Asn: To show the discovery of selective inhibitor of thrombin by successfully combining virtual screening and biological assay

X Zhang, Y Yang, Y Wang, J Wu, Q Fang… - European Journal of …, 2022 - Elsevier

Thrombin is the most potent platelet aggregator. To discover the selective inhibitor of thrombin that is important to curing platelet aggregation-related diseases, docking …

Design, synthesis and biological evaluation of Piperazinylanthranilamides as potential factor Xa inhibitors

AN Khadse, HH Savsani, RV Chikhale… - Journal of Molecular …, 2022 - Elsevier

Direct inhibition of FXa has emerged as an effective strategy to achieve anticoagulation maintaining normal hemostasis with minimal bleeding risks. A novel series of …

Chemical Characteristics of Direct FXa Inhibitors Registered for Atrial Fibrillation 3

A Bridoux, MM Samama, SA Mousa - Ann Cardiol Cardiovasc Med …, 2019 - academia.edu

Abstract is review publication highlights chemical characteristics of several direct factor Xa inhibitors that have been recently approved for Atrial Fibrillation (AFIB) and prevention and …
